HELEN MILLER

"born to Praise, live to Worship"

It is evident that the hand of God has ordered the footsteps of Helen Miller – a giant in Christian music who was born into a family of gospel singers. Raised in Boynton Beach, Florida, she began singing in church at the tender age of 4. Through her dynamic singing gift, God has touched many lives.

In 1989, Helen joined Bible Teachers International under the Apostolic mantle of Dr. Mary Banks. During this time, she became more aware of the powerful gift God had given her as the music ministry began to explode inside of her. In 1994, she and her husband Vernon were ordained as Pastors, and took on the ministerial responsibility as the Senior Pastors of Bible Teachers International in Ft. Lauderdale. As Helen served in this ministry, it became obvious that she had a passion for the Body of Christ to understand the purpose and power of praise.

Not having received any formal education in music, it is evident that God has placed His anointing upon her. The year 2000 brought many changes for Helen when she recorded and released her first CD, and began to travel internationally to share the power that only exists in knowing Jesus. Helen also headlined in various Christian stage plays produced by Bible Theater International such as "The Real Church" and the nationally acclaimed "Potter's House", where she held a leading role.

Helen's latest album 'Time is Winding Up' features the New Anointing Choir of Bible Teachers International. Although many of the songs featured on this album have become hits across the radio and Internet waves, but Helen's objective is that her voice as well as her life glorifies God. Her life-long motto is 'born to praise, live to worship'.

This Live-Recording captures the 'anointing in progress' as Helen Miller takes listeners back to the way church used to be with hand-clapping, foot-tapping praise. This project, though seemingly traditional in style, has a flavor that takes it beyond its genre. It is precisely the encouragement the Body of Christ is seeking. The musical composition and vocal arrangements of each track compel the listener to dance, sing, shout and praise. However, it is with the heart of Helen Miller that the message behind each song becomes clearly demonstrated and received by her listening audience. The lyrics were specifically chosen to remind listeners of God's mercy, goodness and power during these perilous times.

Helen resides in South Florida with her husband, Bishop Vernon Miller and both are very active in ministry. She currently serves as the International Music Ministry President for Bible Teachers International consisting of churches across the United States, Canada and the Caribbean Islands.
